

## 84. A Raisin In The Sun (1961)

*"See, a man say to his woman, 'I got me a dream', she says 'eat your eggs, they gettin' cold'. Man say to his woman, 'help me now to take a hold in this world somehow', and she says 'eat your eggs and go to work'. I tell you, 'I gotta change my life because I'm choking to death', and all you say to me is, 'eat these eggs'."*
